**Is the above applicant:**

**b) attached to this church?**

**c) known to this church?**

**Notes:**

Those who are identified as being: at the heart of the church; or attached to the church; or known to the church.. We suggest that this affiliation is considered over a period of at least the past two years. Applicants new to the area would need to provide evidence from a previous church or churches.

- An applicant 'at the heart of the church' would be a regular worshipper. We suggest that this might normally mean one who worships at least twice a month. To accommodate patterns of work and family relationships account should be taken of involvement in week-day worship or other church activities. The worshipper could be the child for whom application is made or one or both of their parents/guardians.
- An applicant 'attached to the church' would be a regular but not a frequent worshipper, by which is meant (for example) one who usually attends a monthly family or church parade service or is regularly involved in a weekday church activity including an element of worship.
- An applicant 'known to the church' would not be a frequent but probably an occasional worshipper, someone who is perhaps known through a family connection, or one or more of whose family would be involved in some church activity, such as a uniformed or other church organisation.

Thank you for your help.
